From: Timothy L. Myers, President & CEO  
Subject: Weekly COVID-19 Update  
Date: January 7, 2022

As the COVID-19 pandemic continues, Baptist Senior Family remains committed to the fulfillment of our mission. Since our last weekly COVID-19 update on December 31, seven skilled nursing residents and one skilled nursing staff member on the Baptist Homes campus have tested positive for COVID-19. On the Providence Point campus, three independent living residents, eleven independent living staff, two personal care staff, one skilled nursing staff, one contracted therapy staff and one corporate office staff member tested positive for COVID-19.

Visitation is limited to compassionate caregivers in Providence Point skilled nursing but remains open in personal care and memory support. Visitation is open in all areas at Baptist Homes, but is strongly discouraged on the third floor of skilled nursing. Visitors will be made aware when positive cases and outbreak testing occur as required.

Per CMS guidelines, unvaccinated staff continue to be tested routinely. Residents and staff will be tested if symptomatic or in the event of a positive case.

The skilled nursing, personal care, and memory support residences continue to follow federal and state mandates. **Due to the very high number of new cases and the very high transmission rate, Dr. Debra Bogen, Director of the Allegheny County Health Department, has recommended that all county residents only go out when necessary and wear a mask when outside the home. We strongly recommend that you avoid large gatherings and wear a mask when you are outside your home.** Masks still **must be worn** in all skilled nursing, personal care and memory support areas by staff and visitors whether vaccinated or unvaccinated. All residents must wear masks while outside of their rooms. All staff whether vaccinated or unvaccinated must wear masks in independent living areas. Staff and visitors continue to be screened for signs and symptoms of COVID-19 at the time of entering our buildings.

If you go on an outing, please ensure that everyone wears a mask and avoids crowded venues where the risk of infection may be increased. To help to contain the spread of COVID-19, and also to keep ourselves, our families, and the residents we serve free from the COVID-19 virus, each of us must be diligent to:

- Wear masks in high risk areas or in locations where there may be unvaccinated individuals,
- Ensure mask fits snugly and mask covers both nose AND mouth,
- Wear masks and practice physical distancing of 6 feet or more if you are unvaccinated,
- Continue to observe appropriate cough and sneeze etiquette, continue to wash hands frequently for at least 20 seconds with soap and water, and
- Use hand sanitizer frequently when hand washing is not practicable.

Thank you for your continued understanding, cooperation, and compliance with all of the measures that are in place due to COVID-19.

Please continue to keep Baptist Senior Family, our residents, and our staff in your prayers.
